## HOW DO THESE APPOINTMENTS HELP YOU?

### DENTAL EXAMINATIONS

At Guinea Court Dental Surgery we believe in prevention before intervention. It is always better to help our patients to prevent tooth and gum disease, than intervene to repair the damage once it has occurred. During a dental examination, we fully assess not only your child's teeth and gums but also their jaws, cheeks, mouth and face for any underlying problems.

This results in the complete package to maintain your child's oral health. We recommend joining to help reduce the risk of expensive restorative treatment in the future.
